

Reserve+

Dear Partner,

Hope you are well. In advance of BOD49 coming into force on Thursday 15 October 2020, I'm delighted to now be able to share some materials ahead of the actual launch later this week, as well as providing an update as to when other materials will be available.

Literature

Please find attached PDFs of the core literature for Reserve+ for you to share with your teams as appropriate. The products don't launch officially until 15 October and therefore no applications can be received before this date.

Reserve+ core literature

Reserve + Application form
Reserve + Trustee application form
Reserve + Corporate application form
Reserve + Policy conditions
Reserve+ Brochure
Reserve + Product Guide

Please note the various application forms are all type-in, making it easier for them to be completed via DocuSign and Adobe Sign.

Printed literature will follow and we expect this to be available week commencing 18 October. Arabic literature (where we are obliged to provide it) will be available upon request after launch.

Illustration System

This is now live online via the FPI Portal. If anyone still uses the offline version, please find attached guide to update. I would however always recommend using the FPI Portal version to ensure you are using the correct illustration system.

FPIL website

The Dubai website will be updated with all of the relevant product information by 15 October when BOD-49 comes into force. As well as updating the various PDFs, we will also be removing references to Premier Advance, ensuring all the calculator links work appropriately and also adding the launch of IPME+ and Reserve+ onto the news page.

Comms

The communication (which will follow this week) will formally announce the launch of the new products as well as explaining some of the changes to the business acceptance process as a result of the BOD49 changes.

We are also working on a Q&A for anticipated questions from advisers which we will share shortly.

Please come back to me if you have any questions.
